(L. S.)

To THE INHABITANTS of the Town of Enfield qualified to vote in town affairs:

You are hereby notified to meet in Whitney Hall in said town of Enfield on the Tenth day of March next at nine of the clock in the forenoon of said day to act on the following subjects:

Art. 1. To choose by ballot, and plurality vote, a Town Clerk, Selectman for three years, Town Treasurer, Overseer of the Poor, one Library Trustee for three years, one or more Highway Agents, and a Tax Collector:

Art. 2. To choose by ballot one Trustee for three years for the purpose of holding all Trust Funds of the town:

Art. 3. To choose surveyors of Lumber, Fence viewers, Constables, Measurer of Wood and Bark, weighers of Hay and Straw, Cemetery Agents, and such other officers and agents as the town may judge necessary to be chosen:

Art. 4. To see if the town will accept the budget as prepared by the budget committee, also what action the town will take with regard to the compensation of the Collector of taxes and the limitation of time of settlement with the town:

Art. 5. To see if the town will raise such sum of money as may be necessary to defray town charges including maintenance of the poor, salaries and expenses of town officers, health department, fire department, (including the fighting of forest fires,) cemeteries and driving hearse, vital statistics, the expense of Whitney

Hall, including Town Halls, town clock and other property owned by the town, and election and registration expenses:

Art. 6. To see what action the town will take with regard to the election, of a police officer, or Police Officers, and raise money for the same:

Art. 7. To see what action the town will take, if any, with regard to the eradication of blister rust; and raise money for the same:

Art. 8. To see what action the town will take to authorize the Selectmen to borrow such sum, or sums, of money as they shall deem necessary in anticipation of taxes, and the sum so borrowed to be paid during the ensuing year:

Art. 9. To see what sum the town will raise for the support of highways during the summer of the ensuing year:

Art. 10. To see how much money the town will raise for the support of highways during the winter of the ensuing year:

Art. 11. To see how much money the town will vote to raise for the repair of bridges (including Shaker Bridge) for the ensuing year:

Art. 12. To see how much money the town will vote to raise for the support of the Public Library in addition to the amount by law required to be raised:

Art. 13. To see what action the town will take with regard to the delivery of blank inventories:

Art. 14. To see if the town will vote to raise Two Thousand dollars to pay bridge notes due during the ensuing year:

Art. 15. To see how much money the town will vote to raise to pay interest on town debt, or act thereon:

Art. 16. To see how much money the town will vote to raise for street lighting for the ensuing year, or act thereon:

Art. 17. To see if the town will vote to raise One Hundred dollars for the proper, and appropriate observance of Memorial Day, or act thereon:

Art. 18. To see if the town will accept state aid for the construction of Class V. roads and raise and appropriate, or set aside for that purpose, the sum of \$793.37:

Art. 19. To see if the town will vote to elect, or authorize the Selectmen to appoint, an agent, to sell and transfer, any and all tax titles acquired by the town:

Art. 20. To see if the town will vote to re-oil Baltic Street from its easterly Junction with Prospect Street, to it's westerly junction with said Prospect Street; also the short distance from Baltic Street to the northerly end of the cement bridge near the Enfield (lower) Mill and raise money for the same, or act thereon: also oil as many other graveled streets as possible:

Art. 21. To see if the town will vote to raise money sufficient to re-oil the road from the Fourth New Hampshire Turnpike, socalled, to the Harry Sargent Pavilion, or act thereon:

Art. 22. To see if the town will vote to raise the sum of \$450.51 to cover deficit on maintenance of winter work, or act thereon:

Art. 23. To see if the town will vote to raise the sum of \$400.00 for tractor, and roller, expense or act thereon;

Art. 24. To see if the town will vote to raise the sum of \$375.00 for general expense, or act thereon:

Art. 25. To see if the town will authorize the Selectmen to borrow an amount not to exceed \$1,500.00 as the town's share of a Federal project under the supervision of the Selectmen and State Board of Health, the project being specifically concerned with the elimination of pollution in waters of Knox River tributary to

Mascoma Lake, or act thereon;

Art. 26. To see if the town will vote to authorize the Selectmen to dispose of the Fire Engine, or act thereon:

Art. 27. To see if the town will vote to accept a trust fund of \$100.00 from Ella M. Willard for the perpetual care of the Gordon burial lot at George Hill Cemetery, or act thereon:

Art. 28. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen and pass any vote relating thereto.

Given under our hands and seals this Twenty-fourth day of February, A. D. 1936.

B. WAYNE CAMPBELL,

EUGENE H. KING,

BURTON S. BIATHROW,

Selectmen of Enfield

A true copy of Warrant, Attest.

B. WAYNE CAMPBELL

EUGENE H. KING

BURTON S. BIATHROW,

Selectmen of Enfield.

---

## To the Voters of Enfield:

February 21, 1936

In compiling the attached Budget for your consideration the Committee have given a great deal of time in an effort to present a Budget covering all necessary items required during the coming year, basing judgment on the actual receipts and expenditures for the year just closed and with the idea of securing as low a tax rate as possible, consistent with good government.

No increase is expected in the Revenue items except income from the Motor Vehicle Permits which should increase approximately \$250.00.

Expenditures for General Government items will run slightly higher due to primary and general elections occurring. Under town officers salaries is recommended

an increase of \$50.00 to the Overseer of Poor, whose duties entail considerable time and judgment and we believe he is rightly entitled to such increase.

Under Fire and Health Departments a decrease is hoped for which should equal a saving over last year's expenses of \$542.

For the relief of the Poor including Old Age Assistance an increase of \$470. is the lowest amount it is possible to anticipate, principally due to the changes in State Relief Set-up whereby the State reimbursement will be considerably less than that received during 1935.

Other minor Current Maintenance Expenses are estimated very close to the actual 1935 expenditures. A decrease of \$154 should be expected under the item of Interest.

One \$2000. Long Term Note becomes due this year which has been included in the estimated expenditures. If you vote to pay such note the total town indebtedness will equal only \$4048 40 a very creditable standing for any community and equaling only 3-10 of one per cent. on the total valuation.

County Taxes are an unknown figure at the present writing, while State Taxes are increased by \$240. and recommended School appropriations are increased \$250 over last year's appropriation of \$17750.

We now come to the important question of Town Highways and Bridges. The committee have gone over these matters quite thoroughly and feel that an appropriation of \$3500. should be made for Winter Work on Highways plus \$2500. for Summer Work, a total of \$6000. or \$68. less than expended during 1935. For the past five years the cost of winter work has averaged \$3515.42 per year, and it would certainly seem wise to set aside a like amount for this year, particularly in view of the storms we have already experienced since February 1st. The deficit of \$450, was due to increase in cost of Highway winter work.

The Estimate for bridges equals last year's expenses and a like amount should care for the sur-

facing and oiling of a good portion of the newly gravelled streets. It seems to your committee a very wise appropriation to furnish money for oiling (under the direction of the Selectmen) of a portion of the gravelled streets each year, that the work already expended may not be wasted, and streets maintained in improved condition.

General Highway estimated expenses of \$375. cover the cutting of brush which will clean up every road in the Town. This is in conjunction with Federal aid funds.

In the matter of Town Road Aid the amount of \$793.37 (approximately last year's appropriation) will secure the sum of \$3173.51 from the State, or \$4.00 for every \$1.00 raised. This seems a wise investment.

The committee strongly urge the adoption of the Article in the Town Warrant relative to the Sanitation of Knox River, which situation demands attention this coming Spring if we expect to retain our summer people and cottagers. This is a vital matter and very much concerns property owners paying taxes on over \$180,000.00 of valuation covering improved property surrounding Mascoma Lake.

On the basis of the budget herewith submitted and the valuation of 1935, your tax rate for the year 1936 would equal \$3.39. Any increase in the county tax would reflect in this estimate at the rate of  $\frac{3}{4}$  of a cent per \$100.00.

Your Budget Committee desires to express its appreciation to the Selectmen and School Superintendent for their cooperation in furnishing data requested; also wishes to compliment the Town of Enfield on having such an efficient personnel on its Board of Selectmen that are alive to the best interests of all the voters.

Respectfully submitted,

NED E. WELLS,

Chairman, Budget Committee

EDGAR R. CUMMINGS

Secretary, Budget Committee.

---

Approximately 225 books have been added to the library thru gift or purchase during the past year. Grateful acknowledgement is here by made to the Howe Library and to Miss Margaret McQuide of Hanover and to Mr. Manly Wilmot, Mrs. Florence Taft, Mrs. Frank Williams, Alvin Ingram, Mrs. Alice Follansbee and others who have so generously given to our collection and to Mr. George McKesson Roberts of New York City for contributions of local genealogical material and for the loan of a valuable collection of photographs. Several exhibits have been show during the year including travel posters, poetry broadsides, picture collections, and during National Book Week a splendid group of the best recent children's books loaned to us by the Nursery School of Hanover. Over 3000 pictures and pamphlets have been classified and made ready for school use. A great deal of reference work for the High School pupils has been done and much of it would have been impossible without the generous co-operation of

the Baker Library of Dartmouth College. The book collection for the younger children and high school is still very inadequate and cannot be properly taken care of on the present funds. We believe that, considering its present facilities, the library is giving good service and we trust that our patrons will feel free at all times to come to us with recommendations for books which they would like purchased or to ask for any help which the library can give. The following budget is an estimate of our expenses for the ensuing year.

Trust Funds in the town of Enfield are limited in character to bequests for care of cemetery lots and funds for the Town Library, with three exceptions noted. A William Gage fund left to the town provides an income in the form of interest, which is placed in the general account; A George Johnson fund, the income of which is paid to the town and allocated to the Overseer of the Poor; the Maria Foster fund, the income of which is paid to the School Treasurer for the support of Schools. The funds are of varying amounts from \$55.00 to 2,500 00 the sum total of all being \$7,666 00.

For the information of the voters and to direct attention to a pertinent problem the Trustees report all investments are in Government bonds, Savings Accounts and Town Notes. Due to low interest rates in all three fields of investment, income shows a marked decrease in total amount, and specifically on itemized bequests. The question of reinvestment is not easy of

solution, as investments for Trust accounts are of narrow selection and offer little incentive to change. During the year no transfers have been effected.

As stated, income amounts, against specific bequests have decreased. In spite of the fact, care has been given to cemetery lots, with regard to the wishes of the donors. In the opinion of the Trustees, the money has been made to cover an accomplishment creditable to the amount available. In practice it is a case of doing the work and then taking pay with what there is to use. This past year the income of all funds have not been exhausted, but have been permitted to accrue to Principal where judgement dictated such a course.

In general, it may be argued that Trustees of Trust Funds willing to be concerned with their duties, personally responsible for manual labor on Cemetery Lots, with a sense of pride as to public notice of their accomplishment, are real servants to the community. Any voter having a contrary opinion is advised that his candidacy to the Board is in order, and will probably meet with little competition.

Signed: EARL S. HEWITT

BIRTHS Registered in the town of Enfield for the  
Year ending December 31, 1935

Date, Place of Birth, Name Of Child, Name of Father,  
Maiden Name of Mother

- Jan. 5. Enfield, Caroline Olive,—Judson W. Collins,  
and Ruth Goodell
- Jan. 16. Enfield, Robert George,—Arthur A. Caren,  
and Alice E. Goodell
- Feb. 18. Hanover, Ralph Culliton,—Ralph C. Downie  
and Alice A. Culliton
- Feb. 21. Enfield, Robert Ernest,—Everett J. Tandy  
and Margaret Chase
- Mar. 4. Hanover, Jeanne Ella,—Roger C. Lawn, and  
Esther E. Grunwell
- Mar. 5. Hanover, Robert Leonard,—Charles S. Clif-  
ford and Freida M. Leach
- Mar. 16. Springfield, Vt., David Ernest—Ernest E.  
Goodwin, and Louise Fairbanks
- Apr. 3. Hanover, Paul Joseph Jr.,—Paul Joseph  
LeBlanc, and Blanch A. Dupius
- Apr. 23. Enfield, Eleanor Lorraine,—Alvy E. Wheel-  
er, and Lena R. Bill
- May 14. Enfield, Earl Henry,—Earl R. Charbono  
and Bernice T. Daigle
- May 22. Lebanon, Infant Popple,—William Popple,  
and Ora Sawyer
- June 1. Enfield, June Lorraine,—Gilbert Shovan, and  
Bessie Sweeney
- June 16. Enfield, Lena H.,— William Morrison, and  
Stella Pecor
- June 29. Enfield, Arthur Herbert,—Chester W. Fair-  
banks, and Agnes Moody

- July 1. Hanover, Leonard Francis Jr.,—Leonard F. Kelly Sr., and Helen F. Morgon
- Sept. 4. Lebanon, Charles Andrew,—Rudolph Mortensen, and Grace Palmer
- Oct. 5. Hanover, Gail Lucille,—Glendon G. Polland and Hazel C. Gaudette
- Oct., 21. Hanover, Barbara Fay,—Edgar W. Evans, and Ansara R. Borri
- Oct. 26. Enfield, Joan Sylvia,—Harold R. Conny, and Eva R. Chabot
- Nov. 4. Lebanon, John Andrew,—Emmett F. Stewart, and Gladys Biathrow
- Nov. 7. Enfield, Wayne Harly,—William J. Nixon and Velma Graham
- Nov. 7. Hanover, Bernard Walter Jr. —Bernard Walter Martin, and Esther M. George
- Nov. 28. Lebanon, Mitchel LaPorte Jr.,—Mitchel LaPorte, and Florence Wilder
- Dec. 28. Hanover, Ruby May,—Arthur Lombard, and Hazel M. Wescott

I hereby certify that the obove return is correct, according to the best of my knowledge and belief.

# Annual Report

OF THE

## Enfield School District

Enfield - N. H.

### 1936

The School Board of the School District of Enfield is continuing the policy of presenting to the School District each year the financial report of the receipts and expenditures of the department and an estimated budget for the operation of the schools for the succeeding year. These documents, together with the report of the Superintendent of Schools, constitute the School Report to the Enfield School District.

MR. JOHN H. NOONAN

MR. VAL M. CLOUGH

MRS. LOUISA M. STRATTON

# FINANCIAL REPORT

## OF THE

### Enfield School District

For the year July 1, 1934 to June 30, 1935

#### Receipts

Raised by taxation:

(from the Selectmen) \$16,000 00

Received from previous appropriation 1,000 00

From Sources other than Taxation:

State Equalization Fund \$4,041 79

Dog Licenses from Selectmen 00 00

Elementary School Tuitions 220 00

High School Tuitions 306 00

Income from local Trust Funds 35 00

Sale of Property 9 10

Other receipts, refunds 78 51

---

\$4,690 40

Total receipts, all sources 21,690 40

Cash on hand, July 1, 1934 596 50

---

Grand Total \$22,286 90

#### AUDITORS' CERTIFICATE

(Required by the State Board of Education

From all State Aided Districts)

This is to certify that we have examined the books and other financial records of the school board of Enfield, of which this is a true summary for the fiscal year ending June 30, 1935, and find them correctly cast and properly vouched.

NED E. WELLS,  
HERBERT E. WALBRIDGE,  
Auditors.

July 2, 1935

## PAYMENTS

### Administration:

Salaries of District Officers	\$200 00
Superintendent's Excess Salary	604 58
Truant Officer and School Census	40 00
Expenses of Administration	169 25

High School Tuition Receipts	60 00	60 00	
Elementary School Tuition Receipts	216 00	150 00	
	\$4,602 79	\$4,495 00	
Budget Total	23,025 58	23,115 00	
Estimated Income	4,602 79	4,495 00	

\*Amount to be raised by  
taxation

\$18,422 79 \$18,620 00

\*\$3.50 per \$1000 of taxable inventory is minimum required by law in addition to per capita tax and salaries of district officers.

\*\$5.00 per \$1000 of equalized valuation must be raised for elementary schools to qualify for state aid. The net assessment must contain this amount in addition to funds made available for high school maintenance and other statutory requirements.

---

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Enfield:

The second annual report of the present Superintendent of Schools is herewith presented as a part of the report of the School Board to the School District. This is but one of a long series of such documents by the School Board and Superintendent.

### PURPOSE

Three phases of the work of the schools will be considered in this report. One, the financial transactions of the year ending June 30, 1935 and the budget recommendations for the school fiscal year 1936-1937. Two, the statistical report regarding the teachers and the schools together with certain other pertinent data as to enrollment and attendance. Three, certain considerations which look forward to future developments leading toward even greater educational progress for the schools of the town.

## BUDGET

It will be noted from the financial report for the year July 1, 1934 to June 30, 1935 that \$1000 was received from the selectmen of the balance of previous appropriations in addition to the amount which was raised by taxation. This means that the surplus of school funds which had been in the hands of the selectmen up to last year has now been exhausted and the accounts for the present fiscal year are on the basis of actual appropriations and actual receipts to the Department. The fact that the State Aid allotment is somewhat greater for the current year will make it possible to meet the necessary expenditures of the Department. The budget for next year has been prepared with many factors in mind. Among those is the increasing cost for transportation due to the closing of the Montcalm School and a lessened cost in the item of teachers' salaries. This should not have any bearing upon the State Aid Allotment, as transportation for elementary schools is considered a legitimate charge by the State Department. No unusual expenditures have been anticipated. While the total budget is about the same as last year it is found that when the receipts of the Department are deducted the amount to be raised by taxation is somewhat in excess of that requested last year. This amount is necessitated partly by the adoption of the State Budget Law and partly by the requirements of the Department. It seems probable that this amount will make it possible to operate the schools without any retardation. It should also provide for the improvements suggested under the item for repairs.

## REPAIRS

When a thorough investigation was made early last spring it was found that needed repairs for the Enfield High School could better be done without the

assistance of the Federal Government than with such help. It was for that reason that the re-decorating which was carried on in the Village School was done under the direction of the School District by the employment of citizens of Enfield who were available for that type of work. It is hoped that this work may be continued in this building until all of the rooms have been re-decorated and rendered more wholesome for the occupants. It is worthy of commendation that both pupils and teachers have exercised more than ordinary care in keeping those rooms which were re-finished, and in fact the whole building, in a satisfactory condition. It is only by the constant watchfulness of all persons utilizing the building that unnecessary wear and tear can be avoided. One other improvement was made, namely that of caulking the windows where the frames are attached to the brick walls. This has lessened the drafts around the window casings and has had a somewhat appreciable effect in lessening the amount of fuel consumed. It would be possible to still further reduce the cost of heating this building were the community willing to put into operation a Coppus blower for use in connection with the steam plant thereby making it possible to use buckwheat coal instead of the larger size at considerable saving in the cost per ton of fuel used. In actual practice it has been found that in a building of this size the installation of such a piece of apparatus has paid for itself during its first year after installation. The only other repair work which was undertaken was that necessitated by the disposal of sewage at the Center School. It was found by a state department that the chemicals utilized for this purpose at this building were having the effect of polluting the stream into which they were introduced. This necessitated a provision for a cesspool. This work was done at a minimum cost to the District and the whole plant operates more satisfactorily than it has for several years according to the reports made from those who have been acquainted with the conditions previously.

## Pupil Enrollment and Distribution

School	1	2	3	4	5	6	7	8	Tot.
Village	23	24	27	24	24	22	32	22	198
Center	1	2	1	9	3	4			20
Montcalm	3	5	2	2	1		2		15
Tots. Elementary	27	31	30	35	28	26	34	22	233
High	9	10	11	12					
	21	18	12	10					61
Grand Total									294

It is interesting to note that the enrollment of the pupils in the schools has increased slightly over that of last year. It should be noted that the High School enrollment in the four upper grades for the present school year is seven greater than that indicated in the above chart, or 68. This means that the holding power of the school is well sustained and that a larger number of pupils find it to their advantage to enter High School rather than to enter employment. This condition is comparable to that of thousands of other communities throughout the state and nation. It may mean that the four or five trying years through which we have passed have brought about a condition whereby it is less profitable for young people under eighteen years of age to enter employment than it is for them to attend a school of some type. This trend points very definitely to the need for work of high school level which will perhaps more nearly satisfy the needs of the large majority of boys and girls who are in attendance upon the High School both in Enfield and elsewhere.

### High School

A comparison of the enrollment in the four upper grades of the High School with that of the enrollment five years ago brings out the fact that there has been an increase of some 24 pupils, or an increase on a percentage basis of 50 per cent. Since the cost of a pupil in the High School is considerably greater than that of a

pupil in the grades because of the high cost of textbooks and the more materials consumed for written work and the like, it would appear that the cost of operating the Enfield High School should have very definitely increased by a considerable amount. The facts are, however, that in the public schools of Enfield at large the appropriation in these same five years has been reduced by about 20 per cent. instead of increased. This means that the time may come in the not too far distant future when Enfield will need to make some adjustments to meet this demand of increasing numbers at the upper school levels. The educational work in the High School is going forward with a strength and positiveness which will maintain the standing for which it has been credited. Pupils who leave this school and enter other schools of similar standing find that the work which they have done here makes it possible for them to meet the newer situation with an assurance which is not always had by pupils changing schools. It is certainly true that not a large per cent. of the graduates of the High School proceed to higher institutions for further education. This points in the direction that the program of studies for this school might well be adjusted so that a greater percentage of the pupils would have the advantage of such subjects as will be more likely to be capitalized in their later life experiences.

### School Lunches

A check of the number of pupils who were obliged to eat their lunches at the Village School last fall brought out the fact that more than fifty such children were found in the whole building. Some of these pupils had been accustomed to eat their lunches in one or more of the regular classrooms, thereby causing some confusion and some littering of desks and classroom floors. Others ate out of doors or at more or less convenient places in the village. It was finally decided

that, since there were two unoccupied and unused vacant rooms in the basement that one of these could be fitted up for a wholesome place in which the pupils could eat their lunches. This was done and this room accommodates the pupils very satisfactorily except in days of extreme cold when it is rather difficult to heat the room from the overhead steam pipes which pass through it. Consideration has been given the whole question of school lunches and it appears to those of us who are interested in the health and well being of all of the children that it would be very desirable to make plans for some type of hot lunch to be provided for those pupils who remain at the school for this period. A hot soup or cup of cocoa or similar hot dish could be furnished to the pupils at cost to them with no great outlay on the part of the School District. In the end this would be of very definite benefit to the boys and girls and tend to make them more alert and ready to carry on in their regular school occupations during the afternoon.

## CONSOLIDATION

Many of the parents of the pupils in attendance at the Montcalm School last year requested that the school be closed and the children transported to the Village School. After a careful investigation of all factors it was finally determined to accede to the request of the parents and close the school. This has resulted in a small saving to the district and in gains to the boys and girls in this area who have in this way derived some of the benefits to be had in a school operated on a single grade basis. This plan is in keeping with the movement in the state looking toward the consolidation of all schools within the township unit. The movement is meeting with the general approval of the citizens involved and the remote areas are gaining for their children some of the advantages to be had in a better organized

centralized school plant. While it is true that some inconveniences result, it is also true that similar inconveniences result in attendance upon the district school itself, particularly in times of heavy storm. Enfield is to be congratulated that it has proceeded so well along this line and has concentrated nearly all of its pupils in the Village School. The completion of this movement in Enfield could be brought about with advantage to the children and some advantage to the tax payers were the elementary pupils in the Enfield Center School to be transported to the Village School with the upper grades. There are in that school at the present time but thirteen pupils, with only one in the first grade and with eight in the fifth. This means that in all probability it will not be long before the number of pupils in that school will be so small as to make its operation non-economical from the standpoint of per pupil cost if it has not already reached that situation. It would be entirely in keeping with the policy and the plan of the Board as carried out previously to close that school at the end of this year and transfer the pupils as indicated above.

## BUILDINGS

A brief survey of the buildings in the former rural districts of the town reveals the fact that these buildings are becoming more and more unusable for school purposes. It also seems that in several instances there is little likelihood that these buildings will ever be returned to school uses. In view of that fact it would be in keeping with the practices of other communities under similar circumstances to dispose of these buildings for such sums as could be procured for them. This would avoid some cost to the District for upkeep of unused buildings and possibly avoid additional cost for insurance charges. The Board might well consider the desirability of inserting an article in the School District

Warrant which would enable the Board to dispose of these buildings to the best advantage possible to the School District.

### ADULT EDUCATION

The improved conditions of employment in Enfield caused the attendance at the adult evening classes at the High School last spring to decrease to such an extent that it was not deemed advisable to continue this work this year. The Federal Government also was much less inclined to grant subsidies for this purpose than it had been previously. It was for these reasons that these classes were not continued. It is interesting to note that operation of these classes was of no cost to the District last year and that there was returned to the District a sufficient amount to more than offset the added expense for fuel and lights and janitor service as well as needed supplies. It may become possible later to undertake some work of this nature, but it will be upon a much broader basis and partake more of the form of discussion than of attendance upon regular classes. This can only be brought about, however, if the Federal Bureau of Education decide to enlarge the scope of its work in the forum movement which is in process of inauguration in the city of Manchester.

### RECOMMENDATIONS

To place before the Board and citizens rather more concretely those improvements which seem to be desirable from the standpoint of the children and schools the following recommendations are made.

1. That the re-decoration of the Village School be continued until completed for the entire building.
2. That a blower be installed in the High School heating plant to make possible the burning of buckwheat coal, thereby reducing the cost of fuel for heating this building.

3. That as soon as possible provision be made for broadening the scope of the work offered in the High School to include if possible some elementary handwork for the boys and elementary domestic art work for the girls.
4. That the plan for school lunches be continued and enlarged to more nearly meet the desirable conditions of such lunches in the average home.
5. That as soon as it can be brought about the Enfield Center School be consolidated with the Village School and those pupils transported to that area.
6. That provision be made for the disposal of as many of the small school buildings as seem unlikely to be needed for future school use.

It is not expected that all of these recommendations will meet the approval of each and every citizen. They are recorded here as desirable procedures if we are to continue along moderately progressive lines.

#### CONCLUSION

It is in no way a perfunctory duty when your Superintendent states that he fully appreciates the cooperation and interest of all the citizens, the support of the School Board and the active enthusiasm of the teachers which has made possible a feeling of coordination and advancement in the work of schools.

Respectfully submitted,  
ROBERT J. FULLER

## REPORT OF SCHOOL NURSE

The following is a partial report of the work done in Enfield from February 1, 1935 to January 31, 1936.

Number of physical examinations	413
Pupils showing defective vision	16
Pupils showing defective teeth	76
Pupils showing defective hearing	10
Pupils showing enlarged glands	34
Pupils showing defective adenoids	13
Pupils showing diseased or enlarged tonsils	55
Cases of communicable diseases	1

Twenty children were examined at the underweight clinic held in Canaan in May, 1935.

Underweight children received the benefit of cod liver oil. A portion of this was furnished by the

government and later funds were raised in the schools by contributions to meet the expense.

Milk has been furnished such children as seemed to need it. This has been sponsored in part by a group of the teachers and citizens of the community.

The present school nurse has made 102 visits to the schools from September to date. Funds have been received from the Woman's Club to aid in caring for underweight children. Milk and cod liver oil are being furnished for the pupils in grades one to seven who show signs of needing it. In October 29 cases of dental defects were corrected and three cases of enlarged tonsils. This nurse has made 32 visits to homes in the community since September.

Prepared from the office records by the Superintendent of Schools.
